Welcome to the ISCOS 2013 website!

The International Spinal Cord Society would like to invite researchers, physiatrists, orthopaedic doctors, neurosurgeons, physical therapists, occupational therapists and specialist nurses working in the field of spinal cord injury management to the 52nd Annual Scientific Meeting of the International Spinal Cord Society (ISCOS 2013) at Halic Congress Center, İstanbul, Turkey.

ISCOS 2013 is the most important International meeting of all disciplines related to the field of spinal cord injury. We invite you to visit www.iscos2013.org

The main topics will focus on pathophysiology, natural disasters, acute care and management, and spinal surgery of SCI.
